Subject: RE: TRI

Dave Turk just informed me that he is developing a couple of Qs & As on Sterigenics with a focus on R5 per the call he was on with Linda.

Hi Nancy,

Yes, there is a Sterigenics Q&A but it does not focus on ethylene oxide:

Q: Why are there no RY 2017 TRI reports from Sterigenics facilities?

Deliberative Process / Ex. 5

I'll send you the comparison of 2017 to 2016 ethylene oxide data and I'll look up Sterigenics reporting from prior years.

Larry

Thanks Larry. Can you also show me the changes from last year.
I thought there was a sterigenics internal QA? Sonia- can you pull it?
This is not for the 3:30 call.

Thanks.

Hi Nancy,

I've pasted below a quick data run on the 2017 TRI reported releases of ethylene oxide. I'm unaware of a Q&A that was drafted regarding Ethylene Oxide and R5. That said, Dave Turk plans to be on the call Linda Strauss is organizing for 3:30 pm - a few minutes from now.

Larry/ Sonia

Before release OAR would like to see the Ethylene oxide release information and also anything relevant to the region 5 facility

Can you send me what we have ASAP. I know I saw a draft internal QA. If you could bundle that with release information that would be great.

Thanks,
Nancy
